DIRECTIONS FOR USE

Directions for use

Recommended combination

For a more thorough cleaning result, use the Finger Toothbrush together with Sanocyn dental Hygiene Spray.

01 Slip the finger toothbrush over your index finger and place the loop around your middle finger.

02 Rub gently in circular movements over teeth, tongue and gums.

03 Rinse thoroughly with warm water during and after use.

04 With daily use, replace after 6 weeks.

Notes

- Do not let the animal swallow it. Keep out of the reach of children.
- Follow the veterinarian's instructions where applicable.
- If soiled, machine washable at 60 °C.
