AREAS OF USE

Areas of use

01 Regular hygiene of the prepuce

02 Loosening and removing dead cells, secretions, urine residues and dirt

03 Uncomplicated application

DIRECTIONS FOR USE

Directions for use

Recommended combination

No fixed combination is intended. If required, the HOCl Derma Shampoo takes care of external skin care.

01 Wear gloves.

02 First clean the preputial opening with a swab soaked in the Preputial Cleaner.

03 Hold the prepuce with one hand and insert the applicator between prepuce and penis with the other.

04 Apply the solution by pressing the bottle. Keep the prepuce closed with thumb and index finger and then massage to distribute the solution in the preputial fold.

05 Let the liquid drain off.

06 Repeat if needed.

07 After use, clean the applicator thoroughly under running water.

Notes

- Follow the veterinarian's instructions where applicable.
- Read the labelling and product information before use.
- Use only as described in the instructions for use. In case of eye contact, rinse with plenty of water.
- Store at room temperature and protect from direct sunlight.
- Do not decant into other containers.
- Do not use in animals with known hypersensitivity to the ingredients.
- Sold through medical professionals only.
- Wear gloves during application.
